**HEAVY DUTY BUILDERS PRESENTS:**

>

**INTRODUCTION TO DAPPS  
ON  SOLANA BOOT CAMP**

# > CREATE YOUR FIRST DAPP ON SOLANA BOOT CAMP IN SPANISH

## > OBJECTIVE:

> To introduce Spanish-speaking developers to the fundamentals of Solana's dapps, enabling them to understand and engage with the technology, and broaden the reach of Solana to Hispanic countries.

## > TARGET AUDIENCE:

> Spanish-speaking devs interested in blockchain technology, with a capacity of 50 to 100 participants.

## > FORMAT:

> Online interactive sessions with live instruction.

# > STRUCTURE OF THE BOOT CAMP

## > DURATION:

> 6 Weeks.

## > FREQUENCY:

> 2 live classes per week  
(1.5 hours per session)

## > STAFFING:

> 1 Tutor and 1 Assistant.

## > TUTOR ROLE:

> Program development, content creation, resource procurement, deliver lectures, assessment assignments, and evaluation.

## > ASSISTANT ROLE:

> Activities assistance and evaluation.

## > BUDGET:

> 6.000,00 EURO.

# > CURRICULUM AND CONTENT

## > WEEK 1:

- > Introduction to dApps & Blockchain.
- > Application setup.

## > WEEK 2:

- > Wallet integration.
- > Solana integration.

## > WEEK 3:

- > Tokens & balance.
- > Solana Pay.

- ## > RESOURCES:
- Curated reading materials, video tutorials, and case studies.

# > CURRICULUM AND CONTENT

## > WEEK 4:

> Transfer tokens.

## > WEEK 5:

> Transaction history.

## > WEEK 6:

> Requesting payment.

> **RESOURCES:** Curated reading materials, video tutorials, and case studies.

# > PARTICIPANT ENGAGEMENT AND SUPPORT

## > LIVE INTERACTION:

> Real-time Q&A during classes to enhance learning.

## > DISCORD CHANNEL:

> 24/7 open channel for discussions, troubleshooting, and community support.

## > ASSESSMENTS:

> Regular homework and a final project to apply learning.

## > CERTIFICATION:

> Participants will receive a non-fungible digital certificate upon completion.

# > GOALS AND OUTCOMES

## > MAIN GOAL:

> Equip participants with a solid understanding of Solana blockchain basics, enabling them to innovate and contribute to the blockchain space.

## > EXPECTED OUTCOMES:

- > Participants will be able to articulate the key features and benefits of Solana.
- > They will gain hands-on experience in creating simple dApps on Solana.
- > Creation of a community of Solana enthusiasts and potential builders in Hispanic countries.

### > **CLOSING NOTE:**

> This boot camp is designed to be accessible and free of charge to maximize participation and impact. We are actively seeking sponsors to support this educational initiative. Sponsorship opportunities include financial support, educational materials, and technology resources. By investing in education and seeking supportive sponsors, we are paving the way for widespread adoption and innovation on the Solana blockchain within the Spanish-speaking community.
